# Who we are!

We're ARTS InCommunity, an organization dedicated to creating access and inclusion in communities throughout the Southeast for individuals with diverse abilities.

Our goal is to eliminate barriers in the greater community so arts and cultural opportunities may be experienced and enjoyed by all.

We provide individuals with diverse abilities access and inclusion in their communities through arts and culture.

# Community Events Program

Every year, ARTS InCommunity facilitates the donation and distribution of over \$1.1 million worth of tickets from arts, cultural, and sports organizations. These tickets are donated to human service agencies serving individuals with disabilities, at-risk youth, veterans, and low-income communities.

Program memberships provide direct care and community programs with free tickets to arts and cultural opportunities for community outings and field trips. These include area museums, sporting events, visual and performing art performances, art galleries, special events, and the botanical gardens and zoo.

" Working with ARTS InCommunity has given our youth an opportunity to experience things in life they would otherwise not have the opportunity to participate in or experience. We've been to the ballet, art galleries, botanical gardens, the zoo, sporting events, and more. "

## Ongoing Opportunities

Ongoing Venue Opportunities provide free admissions to area museums, botanical gardens, history and science centers, art galleries, and the zoo.

In all, we partner with around 45 Ongoing Venues in Georgia and that number keeps going up!

There are no hidden ticket fees or allocations for the number of outings available to an agency member. Our goal is to provide opportunities for your constituents to be active and included in the greater community.

## Special Event Opportunities

Special Event Opportunities provide free admissions to special, limited engagement events such as sporting events, musicals, plays, visual and performing arts performances, concerts, festivals, and more.

Our special event partners vary from year to year. We provide anywhere from 1 to 3 special event opportunities a month. Atlanta Hawks, Atlanta United, Atlanta Ballet, among others, partner with our program multiple times annually.

Again, no hidden ticket fees. Tickets are first come, first serve for agency members, with a limit on the number of tickets available – typically 30-50 ticket limits per agency for each event.

*" Our trip to the Atlanta United game was so wonderful and we are so grateful to be a part of such a great organization , Arts InCommunity! "*

# What does it mean to be a part of the Community Events Program?

## **Making access and inclusion a priority for your constituents**

Our goal is to eliminate barriers so your constituents have access to arts and cultural opportunities. That means free admissions, navigating accessibility challenges, and handling all communications with venues.

## **Saving your organization's time and resources**

No more soliciting venues or purchasing tickets so your individuals can have opportunities to visit a museum or attend a sporting event.

## **An abundance of community-based opportunities**

We have anywhere from 65 to 100 arts and cultural opportunities available for our agency members and their constituent groups every year.

## **Educating the value and importance of art and culture**

Art and culture promotes interaction, engages youth, and enhances skills, confidence, and quality of life for individuals. It challenges us, unites us, and makes our communities stronger. Everyone should be able to access and engage with it!

## **Gaining a partner**

We're not just providing a service for your constituents and organization, we're advocating for your constituents and your mission. We're creating an accessible and open community where everyone can participate.

# Annual Membership Fee

There is an annual administrative fee for each agency member, structured as a sliding scale based on the agency's annual general operating budget. The fee is based solely on the general operating budget and not on the number of tickets used.

We aim to make this fee affordable for all sizes of nonprofit organizations in the Southeast. This fee goes towards the sustainability of the program. See our rates below:

|                                     |          |
